Re: *Epsilon Mu #130 - Chapter Key Award*

Dear Teresa,

Thank you for submitting an online entry for the Chapter Key Award. Congratulations, we are pleased to announce that **Epsilon Mu** will be receiving the key as a 2nd Time Recipient. The chapter will be honored at the Honor Society of Nursing, Sigma Theta Tau International 41st Biennial Convention from 29 October - 2 November 2011 in Grapevine, Texas, USA.

More than 1,800 colleagues representing 33 countries will be in attendance as we share knowledge to help improve the health of the world's people. The convention, which is themed "People and Knowledge: Connecting for Global Health," is an exciting environment in which to develop new relationships and collaborations through networking with nurse leaders and to celebrate the global nursing community.

The convention showcases programs and special events that celebrate and honor nurses and friends of nursing. You can expect more than 190 concurrent sessions, more than 30 special sessions and multiple plenary sessions and 14 hours of Continuing Nursing Education contact hours (CNE). Information about these events can be found at <http://www.nursingsociety.org/STTIEvents/BiennialConvention>. If you have any questions regarding the convention, please contact headquarters at 888.634.7575 (U.S./Canada toll free) or +1.317.634.8171 (International).

Thank you for your continued support of the honor society and for your chapter nomination. The judges' comments will be forthcoming to the chapter in the mail to assist you on your 2013 Chapter Key Award application. We look forward to seeing you at convention. The chapter's exceptional work in nursing is an inspiration to all honor society chapters, members and to nurses everywhere.

Sincerely,

A handwritten signature in black ink that reads "Karen".
